GENERAL REVIEW

Revenue

The Montana Liquor Control Board which provides one of the largest sources of income for the state's general fund, completed the past fiscal year with the greatest distribution in the history of the department.

A record breaking \$9,902,985.27 was apportioned with \$9,001,137.13 going to the state general fund and another \$901,848.14 to counties and cities within the state.

Value of the liquor department to all Montana taxpayers is apparent in the fact that since its inception it has remitted in excess of 182 million dollars to the general fund for operation of the state.

In addition over 8½ million dollars have been distributed to counties and cities since 1957 when they were allowed by legislative action to participate in state liquor revenue.

Despite the increase of revenue to the state, efficient operation has averted any fundamental price increase at the retail level.

On the other side of the picture in hard liquor consumption Montana still remains fifth lowest among the eighteen control states and forty-fifth lowest in the nation.

Gross Sales

Montana's gross sales for the past fiscal year totaled \$27,055,444.01 exceeding those of the previous fiscal year by \$1,459,851.70, an increase of 5.70 percent. Net revenue from sales shows an increase of \$440,399.93 or 5.40 percent.

Administration

Stewardship of Montana's Liquor Control department is delegated to a five member board, and an administrator who serves as ex-officio secretary to the board and oversees all phases of the operation of the department.

Board members meet in two day sessions once a month for the purpose of making liquor purchases and conducting hearings in connection with license matters, as well as managing any other question which may arise pertaining to the administration of the Montana liquor control act and the Montana beer act.

Departmental Operation

Both central office and central warehouse are located in one building in Helena.

All accounting for the entire system is carried on in the central office and all merchandise for the state's 150 retail outlets is handled through the Helena warehouse.

Stock records both in stores and warehouse are maintained and controlled under a perpetual inventory system requiring monthly physical inventories and regular audits. All central office records are audited periodically by the office of the Legislative Auditor.

Licensing Division

During the past year the department's licensing division which is headed by the assistant administrator, issued a total of 1,440 beer and liquor licenses; 151 on premise beer licenses; 480 off-premise beer licenses and 60 wholesale beer licenses.

Population-wise Montana has one tavern for every 467 persons, according to 1962 population estimate.

Hearing and transfer of licenses totaled 315 for the year.

Inspections made by the division's inspectors were more than 25,000.

Warehouse Operation

Outbound shipments to state stores totaled 4,503 for the year, consisting of 562,361 cases.

This total outbound includes 10,820 repack cases which are cases made up of more than one item for smaller outlets which cannot handle more costly merchandise in full case lots.
